

ASSET OWNER ADVISORY COMMITTEE TERMS OF REFERENCE (TOR)

A. INTRODUCTION

The Principles for Responsible Investment (PRI)'s signatories are its greatest strength. Being on top of the investment chain, Asset Owners particularly play a crucial role in accelerating responsible investment throughout PRI's signatory base and beyond. One priority of the PRI's [blueprint](#) is to empower asset owners as responsible investors, focusing on championing ESG incorporation throughout organisations, enabling asset owners to effectively oversee and monitor investment managers and establishing asset owners' responsibilities to their beneficiaries in extension to the traditional risk/return profile. The Asset Owner work stream has and will be a key strategic priority since its inauguration in January 2016 through 2027. It will actively deliver upon topical responsible investment themes.

Advisory Committees provide opportunities for signatories to convene, share knowledge and collaborate on responsible investment. Through the signatory groups, the PRI Executive (Executive) delivers practical tools, events and support on the implementation of the six Principles around the world. The Asset Owner Advisory Committee advises the Executive on the strategy and execution of the PRI Asset Owner work stream. The Advisory Committee consists of PRI Asset Owner signatories that have demonstrated leadership in the implementation of the Six Principles.

This ToR has been drafted in full accordance with the [PRI Rules for Advisory Committees and Working Groups](#) (approved by the PRI Board in June 2015).

B. OBJECTIVES

PRI's Asset Owner work stream brings together Asset Owners to further implement the Principles throughout the investment chain.

The objective of the work stream is to increase Asset Owner engagement on responsible investment. The Advisory Committee puts that objective into practice by:

- Providing responsible investment guidance and implementation support to Asset Owners, including Executive and Board;
- Creating insight into the opportunities of ESG incorporation for Asset Owners;
- Building outreach and engagement with industry stakeholders including industry associations, existing and potential PRI signatories;
- Collaborating with and guiding working groups if required for the execution of the aforementioned objectives.

These objectives have been proposed by the Executive and can be refined over time. Proposed changes must be agreed with the Asset Owner Advisory Committee and are subject to final approval by the Executive.

C. MEMBERS

TARGET COMPOSITION

- 1 Asset Owner PRI Signatory chair;
- 14-16 PRI Asset Owner Signatory members;
- A balanced geographical spread;
- A broad and diverse range of skills, backgrounds and expertise;
- Relative seniority within signatories' organisations;
- Demonstrated interest in the role Asset Owners play to accelerate responsible investment throughout global investment chains.

The composition of the Asset Owner Advisory Committee can be found on the PRI [website](#).

APPOINTMENT OF MEMBERS

The Executive will publicise membership opportunities as they arise, including the criteria for appointment of members and timelines – via relevant newsletters and the PRI website for a minimum of four weeks. The Executive will review applications. Final decisions on the Asset Owner Advisory Committee composition are at the discretion of the Executive.

The balanced composition of the Asset Owner Advisory Committee will be preserved to the greatest extent possible when replacing outgoing members.

Advisory Committee members are required to attend at least three Committee meetings a year, and are requested to attend all meetings of the Committee. The Executive has the discretion to accept two representatives from an organisation to sit on the Advisory Committee; in which case(s), dual representation should offer complementary strengths rather than duplication.

If a member steps down from the Advisory Committee during their tenure, they are welcome to appoint an appropriate replacement from their organisation (according to the criteria described above). If the replacing member does not demonstrate the required level of commitment and engagement, then the Executive may terminate that signatory's participation and invite other interested signatories to participate. If a member steps down from the Advisory Committee towards the end of their organisation's tenure, then it is at the Executive's discretion whether to accept a replacement from their organisation for the rest of their tenure or whether to open the position up to other interested signatories.

- Members are appointed for a three calendar year term;
- Members have the option at the end of each year to step down;
