

Active is: Fostering a low-carbon world

allianzgi.com

PRI in Person 2019 was a climate-neutral event.

Certificate

This certificate confirms the total carbon emissions generated from delegates travel and the venues used for PRI in Person 2019 have been measured and offset.

The emissions amounted to:

2,272 tonnes of CO₂e

The carbon emissions generated will be compensated via investment in the Rimba Raya climate project in the tropical rainforest of Borneo, Indonesia. Rimba Raya is the largest REDD+ (Reducing Emissions from Deforestation and Degradation) project in the world.

Frankfurt, October 2019

Beatrix Anton-Grönemeyer
Chief Sustainability Officer
Allianz Global Investors

This certificate is issued by Allianz Global Investors and in no way represents VCUs or the ownership therein. The CO₂ emissions indicated on the certificate are compensated through the retirement of carbon credits that Allianz has generated via its investment in the above mentioned carbon offsetting project verified by international standards. The costs for retiring the necessary carbon credits were borne by Allianz SE.
